The Thunderbolt is the "official White Racial organ of the National States Rights Party" (NSRP). The Thunderbolt presents the viewpoint that a white, Christian America is threatened by Jewish attempts to destroy the white race through the promotion of intermarriage with "black savages." This idea is developed in a lead article, "Jew Kaplan New Head of NAACP." The specific themes of Negro inferiority, "race-mixing" and Jewish-Communist subversion are also discussed in The Thunderbolt, e.g., "Famed Professor Says Average Negro Incapable of 8th Grade Work," "Arrest Exposes Johnny Cash's Negro Wife," and "Communist Jew Leads Illegal Delegation to North Vietnam." The NSRP also advocates the deportation of all Negroes to Africa. The party participates in the political process in the hopes of gaining the power needed to "solve America's problems."
